NATIONAL TESTING NETWORK POLICE EXAM

The National Testing Network exam is a scenario-based policing exam with four components:

- + A Public Safety Self Assessment (PSSA)—this is mandatory and scored
- + A video-based human relations and judgment exam
- + A report writing and multiple-choice writing test
- + A multiple-choice reading test

SIGNING UP FOR THE TEST

Once you are approved to take the police exam, follow the instructions provided in the email from us to select a testing location and time and time at nationaltestingnetwork.com. **The test is offered in 30 states through National Testing Network, as well as on Tuesdays and Thursdays at police headquarters,** and is free for Baltimore City residents. Maryland residents outside of Baltimore pay a reduced rate of \$27.50. Out-of-state residents pay \$55. A credit card is required at signup. Financial hardship waivers are available for candidates who may have difficulty paying the fee—contact the **National Testing Network at 1-866-563-3882** to request a waiver.

PREPARING FOR THE TEST

The PSSA must be taken prior to your test date and can be taken on any computer when you register for the test. The PSSA is timed, so make sure that you have 1 hour blocked to complete it once you start it.

Other than taking the PSSA prior to your test date, you are not required to prepare for the test in advance. However, there are practice tests available at nationaltestingnetwork.com. The test takes approximately three hours for candidates.

TEST SCORING

Although applicants receive a percentage score, both the reading ability test and the writing ability test are scored on a pass/fail basis. Successful applicants must pass both the reading ability and writing ability test. Successful applicants must also acquire a passing test score on the PSSA and video-based multiple-choice test in order to move forward in the selection process.
